

TECHNICAL DATASHEET

Quick Link / Maillon Rapide MCN120V

Product: Maillon Rapide MCN120V

Type: Oval screw quick link

Material: Steel, zinc plated

Finish: Electro-galvanized

Standard: CE / EN 362 (if applicable according to manufacturer)

Application: Connector for load handling, rigging, industrial and outdoor applications

| Parameter | Value |
|-------------------------------------|----------|
| Model | MCN120V |
| Outer length (La) | 104.0 mm |
| Inner length (Li) | 80.5 mm |
| Material diameter (\varnothing) | 12.0 mm |
| Inner width (Bi) | 23.5 mm |
| Gate opening (L2) | 15.0 mm |
| Weight | 232 g |

| Load ratings | Value |
|------------------------------|----------|
| Breaking load (BRL) | 7,500 kg |
| Working load limit WLL (5:1) | 1,500 kg |
| Safety factor | 5:1 |

Notes:

- Inspect visually before each use
- Ensure screw gate is fully tightened
- Do not exceed the stated working load limit
- Not for use in personal fall protection unless explicitly certified
